

Confirmation Independent Study Guide

Over the three years of Confirmation at Holy Cross, each youth will complete 9 projects (3 each year). Each project has been designed to help the youth dig deeper into important faith topics.

The goal of Independent Study is to incorporate what was learned in confirmation classes into the life of a confirmation youth. We expect that parents will work with their youth in completing each of these projects. Some assignments will require more parent involvement than others.

All projects are due on the last class session of the year. Please consider starting projects sooner rather than later. Projects can be turned in to a Pastor or Meghan at any time.

Don't forget that we want to help, if you have a question or need help getting started on a project please feel free to contact Meghan or a Pastor at any time.
