

# My Faith Story

## Roller Coaster of Faith

The objective of this project is to lay out your personal faith journey up to this point in your life.

In doing so you will:

- Identify key moments in your faith
- Compare your journey to the journey of key Biblical figures
- Look ahead to future significant moments

Together youth and parents will work to develop a timeline of the youth's faith life thus far. The timeline should include both highs and lows of the faith journey. In identifying "faith moments" parents can use their own faith journey and that of Biblical figures as an example. Possible moments that can be included on the timeline are:

- Baptism
- Sunday School/Mid-Week Memories
- Memorable "church" moments
- Struggles in life
- Important conversations

## Requirements

1. The timeline must include at least 10 events from the life of the student/family
2. The timeline should also include at least 3 possible future events that will be significant in the student's faith life.
3. The project can be presented in print or written format, posters or booklets are welcome.

**Hint:** Be creative! The project should be as detailed as possible. Events can be simple, such as a Sunday School memory, however it must be clear why that was a "key faith event." This project will take a tremendous amount of help from parents, who may be able to remember and share events that the youth is not aware of or cannot remember.

Remember, if you have questions or are confused please contact a pastor or Meghan. We are happy to help!
