

Lamb Paper Plate Craft

.....

Supplies in the Box:

- Glue Stick
- Paper Plate
- Cotton Balls
- 1 black paper square
- 2 black paper rectangles
- Googly eyes

Supplies from Home:

- Scissors
- Pencil or Pen

1. Cover the paper plate (face up) with glue. *Don't worry if it shows through - the purple dries clear!*
2. Press cotton balls into the glue. "Fluff" them up by pulling them apart slightly if you want a fuller looking sheep.
3. Trace a sheep head shape on the bigger black square of paper and cut it out.
4. Attach googly eyes or draw/paint your own.
5. Put glue on the back of the sheep head (don't try to rub glue directly on the cotton) and press your sheep head onto the cotton balls near the center of the plate.
6. Glue the small black paper rectangles to the bottom of the plate as your lamb's feet.
7. Write in your name in the blank space on the label and stick it to the back of your plate.
