Why Lutheran Schools?

Lutheran Schools are first and foremost a Christian school. Lutheran schools offer more than "just an education." Children not only receive training in the typical content areas offered by all accredited schools, they also have extra meaning attached to them as they see these areas woven together in a tapestry of truth. Children in Lutheran schools are immersed in a Christian culture. This means that they are involved with worship, Biblical instruction, and regular prayer. Families and teachers partner together to ensure that the high expectations set for them are consistent with God's own expectations as stated in His Word, the Bible. The goal is that they will be equipped to step out boldly to proclaim the love of God, through Jesus, to a world that is in need of loving care and responsible relationships.
